3. How to use these templates

3.1 Purpose

These are the e-mails the iorta TechNXT sales team sends to a Philippine non-life insurance broker, from the first introduction to the welcome after signing. Each template gives its purpose, when to send it, subject line options, the body with placeholders, and the attachments. A plain-text copy for pasting into an e-mail client is kept next to this document (Prospect_Email_Templates.txt).

3.2 Placeholders

Placeholder	Fill with
[Mr./Ms.] [Surname]	The addressee as they sign their own e-mails. Use the first name only once they do.
[Company]	The broker's registered or trade name
[Your name], [Title], [Mobile], [E-mail]	The sender's details
[Date], [Time]	Written as 03 October 2026, 10:00 AM PHT
[Pain point]	The issue the prospect raised, in their own words
[Number] users, [Number] lines	Figures from the discovery or the workshop
[Link]	Calendar, meeting or registration link

3.3 Rules for every e-mail

- One request per e-mail, stated in the last paragraph, with a date.
- Personalise the first two lines. A template sent unchanged reads like a template.
- Keep the body under 150 words, except the proposal, contract and welcome e-mails.
- Use the system's names for features (Placement Slip, Month-End Close, BIR Form 2307). Do not use superlatives.
- Prices only from the pricing workbook or the proposal, always "exclusive of 12% VAT".
- Attach PDF, never editable files, except the pricing calculator when the prospect asks for it.
- Recommendation: send between 9:00 and 11:00 AM PHT, Tuesday to Thursday, and avoid the days before a long weekend or a holiday.

4. First contact

4.1 Cold introduction: small broker

Item	Detail
Purpose	Open a conversation with an owner-managed broker (up to about 25 users)
Send to	President, general manager or owner; copy no one
When	Day 0 of the sequence
Attachments	None. Offer the brochure in the text; attachments in a first e-mail often go to spam

Subject line options:

- Policies, receipts and BIR 2307 in one system for [Company]
- A question about month-end at [Company]
- Broking and accounting for a broker of [Company]'s size

Dear [Mr./Ms.] [Surname],

I am [Your name] of iorta TechNXT. We publish iNXT BrokerVerse, a broking platform built for Philippine non-life brokers.

Smaller brokers we speak with usually keep policies in one place, receipts and remittances in spreadsheets, and the books in a separate package. iNXT BrokerVerse keeps them in one system: quotation and placement with your insurers, the policy, the official receipt, the remittance to each insurer, commission, the month-end close and the BIR working papers (Form 2307, VAT Summary, SAWT, QAP, SLSP).

For a broker of up to 25 users the subscription starts at PHP 3,200.00 per user per month, exclusive of VAT, and a typical implementation takes 8 weeks.

Would a 30-minute call in the week of [Date] be useful? I can send our two-page brochure beforehand.

Respectfully,

[Your name]

[Title], iorta TechNXT

[Mobile] | [E-mail]

4.2 Cold introduction: large broker

Item	Detail
Purpose	Open a conversation with a large or bank-affiliated broker (100 users or more)
Send to	CFO, COO or head of operations; for IT-led buying, the CIO with the CFO copied
When	Day 0 of the sequence
Attachments	None

Subject line options:

- Controls over premium held for insurers at [Company]
- Placement, remittance and the month-end close in one ledger

- [Company]: maker-checker and BIR outputs in your broking system

Dear [Mr./Ms.] [Surname],

I am [Your name] of iorta TechNXT. We publish iNXT BrokerVerse, a broking platform for Philippine non-life brokers that runs the front office and the broker's accounting on one ledger.

For a broker of [Company]'s size, three points usually matter most. Premium collected is held per insurer and per co-insurance share, and remitted by approved remittance with approval levels by amount. Every money and configuration change goes through maker-checker, with signing limits from your Authority Matrix and a full audit trail. The month-end close runs a checklist that will not pass without approved bank reconciliations, and the BIR working papers come from the same ledger.

It can run on AWS or Azure in Singapore, with a Philippine hosting partner, or in your own data centre.

I would welcome 30 minutes with you and your finance lead in the week of [Date] to see whether it fits your plans.

Respectfully,

[Your name]

[Title], iorta TechNXT

4.3 Follow-up 1

Item	Detail
Purpose	A short reminder with one new fact
When	4 to 5 days after the introduction, if there is no reply
Attachments	iNXT_BrokerVerse_Brochure.pdf

Subject line options:

- Re: [original subject]
- Brochure: iNXT BrokerVerse for [Company]

Dear [Mr./Ms.] [Surname],

I am following up on my e-mail of [Date]. I have attached our two-page brochure in case it is easier to share with your team.

One point that brokers often ask about: referrers and sub-agents do not need a login. Your team enters their business, and their commission is paid only once the premium is fully collected, net of withholding tax, with Form 2307 produced by the system.

If a short call is not possible this month, may I ask who in your team looks after systems or finance, so I can contact the right person?

Respectfully,

[Your name]

[Mobile]

4.4 Follow-up 2

Item	Detail
Purpose	Last message of the first sequence; leaves the door open
When	10 to 12 days after the introduction, if there is still no reply
Attachments	None

Subject line options:

- Closing the loop, [Company]
- Should I contact you next quarter

Dear [Mr./Ms.] [Surname],

I have not heard back and understand this may not be a priority now. I will not follow up further this month.

If it helps later: iNXT BrokerVerse covers placement with several insurers, co-insurance, official receipts, remittance, commission, bank reconciliation, the month-end close and BIR Form 2307 in one system, priced per user for Philippine brokers.

If the timing is better next quarter, a one-line reply with a month is enough and I will contact you then.

Respectfully,

[Your name]

[Mobile]

4.5 Meeting request

Item	Detail
Purpose	Confirm a first meeting after a positive reply, a referral or an event
When	Within one working day of the reply
Attachments	None

Subject line options:

- Meeting: iNXT BrokerVerse and [Company], [Date]
- 45 minutes on [Pain point]

Dear [Mr./Ms.] [Surname],

Thank you for your reply. I would be glad to meet you and [names or roles].

I propose 45 minutes on [Date] at [Time], or [Date] at [Time], at your office in [City] or online, whichever suits you. We would like to understand how [Company] works today, especially [Pain point], and show you the parts of iNXT BrokerVerse that apply.

To make good use of the time, it would help to know the number of people in sales, placement, servicing, claims and accounting, and the lines of business you write most.

Kindly let me know which slot works, and I will send the invitation.

Respectfully,

[Your name]

5. Meetings and demonstration

5.1 Pre-meeting agenda

Item	Detail
Purpose	Confirm the meeting, the attendees and the agenda
When	1 to 2 working days before the meeting
Attachments	None (the deck is sent after the meeting)

- Agenda for [Date]: [Company] and iorta TechNXT
- Confirming [Day], [Time]: agenda

Dear [Mr./Ms.] [Surname],

This is to confirm our meeting on [Date] at [Time], [venue or link]. From iorta TechNXT: [Your name] and [Colleague], [Title].

Proposed agenda (45 minutes):

1. Your current set-up and priorities, especially [Pain point] (15 minutes)
2. iNXT BrokerVerse: the platform and the end-to-end journey, from prospect to renewal to month-end (20 minutes)
3. Questions and the next step (10 minutes)

If there is a topic you want us to cover first, for example accounting and BIR, or placement and co-insurance, please let me know and we will adjust.

Looking forward to meeting you.

Respectfully,

[Your name]

[Mobile]

5.2 Post-meeting thank-you

Item	Detail
Purpose	Thank, confirm what was heard, send the brochure and the functionality document, propose the next step
When	Same day or the next morning
Attachments	iNXT_BrokerVerse_Brochure.pdf; iNXT_BrokerVerse_Product_Functionality.pdf; iNXT_BrokerVerse_Client_Presentation.pdf if the deck was shown

Subject line options:

- Thank you, and the documents we discussed
- [Company] and iNXT BrokerVerse: summary and next step

Dear [Mr./Ms.] [Surname],

Thank you for your time today, and to [names] for joining.

What we understood:

- [Point 1, for example: 40 users, motor and fire make up most of the premium]
- [Point 2, for example: remittance to 12 insurers is prepared in spreadsheets]
- [Point 3, for example: month-end takes about two weeks]

As promised, I have attached our brochure and the product functionality document, which describes each module with its screens. [The presentation from today is also attached.]

The next step we suggest is a demonstration for your process owners, using examples from your own business: [Date options]. It takes 60 minutes, or 30 minutes for management only.

Respectfully,

[Your name]

[Title], iorta TechNXT

[Mobile] | [E-mail]

5.3 Demo invitation

Item	Detail
Purpose	Fix the demo date, the audience and the examples to use
When	When the prospect agrees to a demo
Attachments	None

Subject line options:

- iNXT BrokerVerse demonstration for [Company], [Date]
- Demo on [Date]: attendees and examples

Dear [Mr./Ms.] [Surname],

Thank you for agreeing to a demonstration. We have set it for [Date] at [Time], [60 / 30] minutes, [venue or link].

We will follow one piece of business through the system: prospect and quotation, placement with insurers, the policy, the official receipt sent to the client by e-mail, the remittance with its approval, the bank reconciliation, the month-end close and BIR Form 2307. We will also show the controls: maker-checker, signing limits, approval notifications, the audit trail and the Data Privacy Act functions.

It works best with the people who do the work: one person each from sales, placement, accounting and, if possible, your compliance officer.

If you can send two or three sample policies (with names removed), one claim and one remittance before [Date], we will use them as our examples.

Kindly confirm the attendees by [Date].

Respectfully,

[Your name]

[Mobile]

5.4 Demo follow-up with next steps

- [Question we will confirm in writing]: we will reply by [Date].

The next step we propose is a half-day discovery workshop with your process owners. It confirms the user count, lines of business, insurers, volumes, hosting and integrations, and gives you a sized plan and proposal. Possible dates: [Date] or [Date].

The presentation from today is attached.

Respectfully,

[Your name]

We are speaking with other Philippine brokers who face the same issues you had before the project. If there is a broker you know who might benefit, an introduction by e-mail would mean a great deal to us. We would contact them only with your permission and mention your name only as you agree.

Also, would you be willing to take a short reference call from a broker we are speaking with, once or twice a quarter?

Thank you, and please let me know if there is anything we can do better for your team.

Respectfully,
