3. About this annex

Template for discussion; subject to review by the parties' legal counsel.

This Service Catalogue and Rate Annex (the **Rate Annex**) lists the services of iNXT BrokerVerse OOTB that iorta TechNXT Corp. (**iorta TechNXT**) provides under the Master Services Agreement (the **MSA**), with their units and list rates, the optional services, and the work that is outside the OOTB scope. It is an annex to every Order Form between iorta TechNXT and [Client legal name] (the **Client**).

- The rates are the list rates of the iorta TechNXT price book dated 04 October 2026 (iNXT_BrokerVerse_Price_Book.xlsx and the Rate Card). They are the same as the rates in the Perpetual Software Licence Agreement, the Software Subscription Agreement, the Implementation SOW, the Change Request Procedure, the Annual Maintenance and Support Agreement and SLA and the Hosting and Infrastructure Services Agreement.
- The rates of the signed Order Form, including any discount shown there as a separate line, prevail over this Rate Annex.

- All amounts are in PHP and exclude 12% VAT. Withholding tax is handled under the Taxes clause of the MSA and does not reduce the invoice price.
- Day rates are fixed for 12 months from the date of the Order Form and may then be reviewed once a year with 60 days' written notice.
- Recurring fees for the subscription, the AMC and the 24x7 Severity 1 support increase by 5% at each anniversary of their start. Hosting fees do not increase yearly; they change only under the Pass-through and adjustments clause of the Hosting Agreement.

Text in [square brackets] is a placeholder or an option. Capitalised terms have the meaning given in the MSA.

4. Service catalogue

4.2 Size tiers

The size, set by the number of Named Users, decides the implementation effort, the included lines of business and training days, the minimum billable users of a subscription, the hosting size and the price of the 24x7 Severity 1 support.

Size	Named users	Lines of business included	Training days included	Duration to hypercare exit
Small	1 to 25	5	4	8 weeks
Medium	26 to 100	8	6	12 weeks
Large	101 to 300	12	10	16 to 20 weeks
Enterprise	Above 300	16	15	20 weeks or more, planned at mobilisation

4.3 Packages

The packages are pre-set combinations of the services above, priced with the same rates. Any other combination is quoted with the same rates.

Package	Licence model	Hosting	Support	Term shown in the Rate Card
Essentials	Subscription	Hosted by the Client	Standard support	3 years

Package	Licence model	Hosting	Support	Term shown in the Rate Card
Standard	Subscription	iorta TechNXT on AWS (Singapore)	Standard support	3 years
Ownership	Perpetual licence with AMC	iorta TechNXT on AWS (Singapore)	Standard support	5 years
Ownership Plus	Perpetual licence with AMC	Local partner in the Philippines	Standard support and 24x7 Severity 1 support	5 years

Ownership Plus also includes 2 extra training days and the migration of 1 legacy data source.

5. Rates

5.1 S01: perpetual licence

Users in slab	Licence per Named User, one-time (PHP)
1 to 25	90,000.00
26 to 100	78,000.00
101 to 300	66,000.00
Above 300	54,000.00

Graduated slabs: the first 25 users at the first rate, users 26 to 100 at the second, users 101 to 300 at the third and the rest at the fourth. Payable 100% on Go-Live. Warranty Period of 12 months from Go-Live.

5.2 S02: subscription

Users in slab	Per Named User per month, Year 1 (PHP)	Minimum billable users of the size
1 to 25	3,200.00	Small: 10
26 to 100	2,800.00	Medium: 26
101 to 300	2,400.00	Large: 101
Above 300	2,000.00	Enterprise: 301

Graduated slabs as for the licence. Monthly in advance from Go-Live; minimum Initial Term 12 months; plus 5% at each anniversary of Go-Live. Hosting is not included.

5.3 S03: implementation or onboarding

Size	Base man-days	Lines of business included	Fee (PHP)
Small	70	5	1,130,000.00
Medium	130	8	2,090,000.00
Large	230	12	3,700,000.00
Enterprise	360	16	5,800,000.00

1. Fee = (base man-days + 6 man-days for each line of business above the included number) x PHP 16,100.00, rounded to PHP 10,000.00. Example: Small with 6 lines of business, 76 man-days, PHP 1,220,000.00.
2. The onboarding fee of a subscription equals the implementation fee, unless the Order Form states a lower percentage.
3. Payable 40% on signing of the Order Form, 40% on UAT sign-off and 20% on Go-Live.

5.4 S04 to S06: maintenance and support

Item	Rate	Billing
AMC (perpetual)	22% of the Licence Fee a year, from the start of Year 2	Yearly in advance; plus 5% at each anniversary of the AMC start
Standard support (subscription)	Included in the Monthly Fee	Not applicable
24x7 Severity 1 support, Small	PHP 240,000.00 a year (Year 1)	Yearly in advance; plus 5% a year
24x7 Severity 1 support, Medium	PHP 480,000.00 a year (Year 1)	As above

Item	Rate	Billing
24x7 Severity 1 support, Large	PHP 900,000.00 a year (Year 1)	As above
24x7 Severity 1 support, Enterprise	PHP 1,500,000.00 a year (Year 1)	As above
Reinstatement of a lapsed AMC	The AMC fees for the lapsed period plus [10%] of those fees, and the upgrade to the current release at day rates	On reinstatement

Standard support hours: 08:00 to 18:00 PHT, Monday to Friday, except Philippine regular holidays.

Severity	First response	Restore service or workaround
P1 Critical	30 minutes	4 service hours
P2 High	2 service hours	2 Business Days
P3 Medium	1 Business Day	5 Business Days
P4 Low	2 Business Days	Not applicable

5.5 S07: hosting

Hosting is priced per environment set. Small and Medium: Dev, UAT and Production. Large and Enterprise: Dev, SIT, UAT and Production with high availability. Daily backups, monitoring, patching and certificates are included. Per month, monthly in advance from the date each environment is handed over.

Size	Hosted by the Client	AWS Singapore (PHP)	Azure Southeast Asia (PHP)	Local partner, Philippines (PHP)
Small	No fee	43,000.00	46,000.00	42,000.00
Medium	No fee	69,000.00	73,000.00	67,000.00
Large	No fee	143,000.00	150,000.00	135,000.00
Enterprise	No fee	256,000.00	269,000.00	242,000.00

Pre-Prod is temporary for every size: created from a production backup for the cutover rehearsal and for each major release, then removed. It is billed per month of use, monthly in advance:

Size	Hosted by the Client	AWS Singapore (PHP)	Azure Southeast Asia (PHP)	Local partner, Philippines (PHP)
Small	No fee	21,000.00	22,000.00	20,000.00
Medium	No fee	47,000.00	49,000.00	45,000.00
Large	No fee	86,000.00	90,000.00	82,000.00
Enterprise	No fee	169,000.00	177,000.00	160,000.00

The fee of each environment is in Annex A of the Hosting Agreement. Cloud and local partner prices are confirmed with the provider before the Order Form is signed. When the Client hosts, it provides the same environment set; iorta TechNXT supplies the deployment guide and charges set-up support at day rates.

5.6 S08: optional services

Item	Unit	Rate (PHP)	Billing
Additional environment (training or second UAT), set-up	One-time	100,000.00	On delivery

5.6.1 Optional modules and partner services

Every module of the Software is included in the licence or subscription fee and in every package. The services in this table are optional, add-on items that the Client may order on an Order Form at any time: the set-up of a module with the Client's officers and advisers, the go-live of a delivered connector with its partner, and the validation or certification steps a regulator or a partner requires before first use. Each rate is the stated man-days at the blended day rate of S09 (PHP 16,100.00), rounded to PHP 10,000.00. The fees of the regulator or the partner (AMLC, IC, BIR, the CTPL provider, insurers, banks, gateways and screening list providers) are not included; the Client contracts with and pays the partner directly, and every filing, registration and enrolment with a regulator is made by the Client in its own name. The Client's compliance officer, accountant and tax adviser confirm the settings and the treatment. Ordering any of these services does not change the price of a package.

Item	Man-days	Rate (PHP)	Scope	Billing
Connector go-live with a partner	5	80,000.00 per connector	One delivered connector (one SMS gateway, the CTPL provider and LTO feed, one insurer's API mapping, one bank's file layout, or the BIR EIS) taken live: configuration, credential check, live test and support of the partner's acceptance	On delivery
Activation of the AML/CFT toolkit	8	130,000.00 one-time	Risk factors and rules workshop with the compliance officer, settings, first list loads, provider set-up and a test AMLC file	On delivery
Activation of the IC compliance registers	6	100,000.00 one-time	Licence and fit and proper register load, insurer certificates, complaints and breach settings, mapping of the IC statement to the Client's chart of accounts	On delivery
Activation of the BIR pack	8	130,000.00 one-time	BIR and EOPT invoice settings with the tax adviser, ATC mapping, DAT file dry run, CAS books pack	On delivery
Dealer programme set-up	3	50,000.00 per programme	Channels, rates, subsidy, bank letter and the first upload of one programme	On delivery
Client brand pack	2	30,000.00 per pack	Theme, sign-in picture, document and e-mail branding, e-signature mapping and the exported pack; third-party marks only with the owner's written permission	On delivery
AMLC reporting file validation and portal test	3	50,000.00 one-time	CTR and STR layout, institution and transaction codes confirmed with the AMLC, test file accepted in the AMLC portal	On delivery
IC annual statement form alignment	3	50,000.00 one-time	The accountant's working paper mapped to the IC form set in force for the year	On delivery
EOPT invoicing review with the Client's tax adviser	2	30,000.00 one-time	Registered invoice documents, supplementary wording, VAT treatment, ATP or CAS	On delivery
BIR CAS registration support	4	60,000.00 one-time	Books, system description and the Permit to Use filing prepared with the Client	On delivery
BIR EIS enrolment and certification	5	80,000.00 one-time	EIS enrolment, signing certificate, final field list, production endpoint and certification of the connector	On delivery
CTPL authentication and LTO interface certification	4	60,000.00 one-time	Acceptance of the live requests by the accredited provider, COC series and the LTO interface where the provider does not transmit	On delivery
Insurer API onboarding	3	50,000.00 per insurer	Endpoint, credentials, field mapping and live test with one insurer	On delivery
Bank payment file certification	2	30,000.00 per bank	Layout validated against the bank's specification and a test file accepted by the bank	On delivery
SMS or Viber gateway activation	1	20,000.00 one-time	Sender name or short code, live credentials, templates and consent check tested with the gateway	On delivery
Screening list provider onboarding	2	30,000.00 one-time	Provider contract data, API key, adapter test and first screening run	On delivery

5.7 S09: change requests and day rates

Role	Day rate (PHP)
Business analyst	18,000.00
Developer	16,000.00
QA engineer	12,000.00
Project manager	22,000.00
Blended rate	16,100.00

A man-day is 8 hours. Estimates follow the Change Request Procedure: business analysis 30% of development, testing 40% of development, project management 10% of the subtotal, contingency 10% of the total, each line rounded up to the half day.

Band	Total man-days	Example	Example price (PHP)	Payment
Small	0.5 to 5	2 developer days, 5 days in total	81,050.00	100% on delivery to production
Medium	5.5 to 20	7 developer days, 16 days in total	250,150.00	50% on approval, 50% on UAT sign-off
Large	20.5 to 60	20 developer days, 42 days in total	665,400.00	30% on approval, 50% on UAT sign-off, 20% on deployment
Project	Above 60	Separate SOW	Not applicable	As in the SOW

5.8 S10: exit and transition

Item	Rate
One full export of the Client Data	Included
Transition assistance where iorta TechNXT hosts	Up to [5] man-days included, then day rates of S09
Further exports, data mapping, answers to a new provider, parallel running	Day rates of S09
Read-only access for the System Administrator for up to 60 days after the End Date	[No charge / the Monthly Fee prorated]
Hosted environment kept running after the End Date, up to 90 days	Monthly hosting fee, prorated by day

5.9 S11: source code escrow

Item	Rate
Escrow Agent fees (set-up, yearly, updates, verification, release)	As quoted by the Escrow Agent; paid by the Client
Preparation and delivery of Deposits by iorta TechNXT	Included
iorta TechNXT assistance to a Verification	Up to [1] man-day included per Verification, then day rates of S09

6. Payment terms

Item	Terms
Implementation or onboarding fee	40% on signing, 40% on UAT sign-off, 20% on Go-Live
Perpetual Licence Fee	100% on Go-Live
AMC	Yearly in advance, from the start of Year 2
Subscription	Monthly in advance, from Go-Live
Hosting and additional hosted environments	Monthly in advance, from environment handover
24x7 Severity 1 support	Yearly in advance
Change requests	By band, as in S09
Optional services	Monthly in arrears at actual days, or as quoted for fixed-price items

Invoices are payable within 30 days of the invoice date. Late amounts bear interest as stated in the MSA. Subscription, hosting and support may be suspended after 60 days of non-payment, after 10 Business Days' written notice.

7. Out of scope

The following are outside the OOTB scope and outside the AMC and the subscription. Each can be quoted as an optional service or a change request at the rates above.

7.1 Product changes

1. Customisation of screens, workflows, reports, printed documents or the database, and new reports.
2. New integrations, for example with insurer systems, core banking, bank payment file generation, SMS gateways, accounting packages, BIR eFPS or eBIRForms, LTO or IC systems, and payment gateways other than PayMongo and Dragonpay.
3. Changes caused by a third party (insurer, bank, payment gateway, e-mail provider) changing its interface.
4. Translation of the screens.
5. Support of customised code that has not been merged into the product line, after its 30-day warranty.

7.2 Data services

1. Data cleansing, de-duplication and enrichment of the Client's data, and extraction from the old system.
2. Migration of closed or expired policies, settled claims, paid receivables, transaction history and documents, and more than one fiscal year of balances.
3. Data entry and bulk data work for the Client's business.
4. Recovery of data deleted by the Client's users beyond what the backups hold.

7.3 Infrastructure and third parties

1. Hardware, end-user devices, networks, browsers and office software.
2. Infrastructure, operating system and database support where the Client hosts.
3. Third-party licences and fees: cloud subscriptions beyond the agreed hosting, mailboxes, payment gateway merchant fees, SMS charges, certificates for Client-owned domains, escrow agent fees, and the fees of the partners whose interfaces the optional modules and partner services of S08 take live (CTPL provider, insurers, banks, gateways, screening list providers).

7.4 Regulatory and advice

1. Regulatory filings and registrations: BIR returns and alphalists, Computerized Accounting System registration, Authority to Print, IC reports, NPC registration, AMLC reports. The preparation support for some of these (CAS registration, EIS enrolment, AMLC file validation, IC statement form alignment, EOPT invoicing review) is available as an optional module or partner service of S08; the filing itself and the regulator's fees remain with the Client.
2. Tax, legal, actuarial or audit advice.

7.5 Training and support

1. Training beyond the included days and the agreed refresher sessions, and training of users added after go-live.
2. Support of releases more than two planned releases behind the current one.
3. Issues caused by changes the Client made outside the change process, or by the Client's network, devices or browsers.

8. Document Sign-Off
